Gerald Manda

Graphic designer and programmer

Dynamic and skilled IT professional with a strong background in graphics, including motion graphics, and a passion for creative design. I am currently studying Information Technology at the University of South Africa (UNISA) and have gained valuable experience working at Blue Wizard for 4 years. Additionally, I have developed expertise in social media marketing, creating engaging content and strategies to boost brand presence. I am now seeking to leverage my technical skills, creative abilities, and marketing knowledge in a challenging graphics, programming, or marketing role around the world.

Experience

2014 - 2017

I was working for Lorenz Jüngling personal assistant

managing schedules, organizing files, and handling correspondence, conduct research, and runing errands. provide administrative support, manage household tasks, and assist with shopping and appointments. managing budgets and finances, ensuring bills are paid..

2017 - 2019

Kolor Kids Shop Assitance and Cashier

Shop assistants greet and assisting customers, helping them locate products and providing information. maintaining clean store areas, and ensure correct pricing. operating cash registers, processing payments, and handle transactions accurately. managing returns and exchanges, answering customer queries about pricing and policies.

2019 - 2024

Blue Wizard Production Graphic Designer, Camera Operator & final mix

Creates visual concepts using software and by hand for various media. Develops layouts and production designs, collaborates with others, and presents designs to clients. Creating visual concepts using computer software and by hand to communicate ideas that inspire, inform, and captivate consumers., Been doing motion graphics for alot of companies like Sasol and discovery Under Bluewizard and also handling motion graphics on televiton shows like Orange couch and Each one teach one.

Sets up and operates cameras for studio or location shoots. Captures shots according to the script or director's instructions, adjusts settings, and collaborates with the production team.

Final mix engineer, I blend and balance audio tracks, apply effects, and edit recordings to create polished, professional mixes for music and television. I ensure that the final product meets high-quality standards for distribution.
